

Capability Statement

All Starz Electrical & Air Conditioning is proudly a 100% indigenously owned and operated Electrical and HVAC contracting company that is certified through Supply Nation. All Starz Electrical & Air Conditioning is Canberra and surrounding NSW based. Currently All Starz Electrical & Air Conditioning is the only certified owned and operated HVAC&R company in the Canberra and surrounding region.

All Starz Electrical & Air Conditioning employ only the highest quality of tradesmen whilst developing its apprentices to the same standards. Our current employees hold some of the following clearances: AFP NV1, AGSVA NV1, AGSVA Baseline, ACT & NSW Police checks and working with vulnerable people.

Core Competencies:

HVAC&R:

All Starz Electrical & Air Conditioning has over 27+ years' combined experience carrying out commercial, industrial and domestic maintenance plans, repairs and installations for organisations such as The Australian Federal Police, Emergency Services, ACT public schools, Department of Health, Bunnings, Target, Optus, Telstra & multiple small and large commercial properties.

Electrical:

All Starz Electrical & Air Conditioning has over 27+ years' combined experience carrying out commercial, industrial and domestic maintenance plans, repairs and installations for organisations such as the Australian Federal Police, Emergency Services, The Canberra Theatre, ACT schools & Optus.

Building Management Systems:

All Starz Electrical & Air Conditioning has over 27+ years' experience in the servicing, maintenance and installations of BMS systems in the commercial and industrial sectors for organisations such as Visy, ACT schools and Australia Post.

Plumbing:

All Starz Electrical & Air Conditioning provide a plumbing service to our customers through the engagement of our qualified and licenced plumber and gas fitter. We offer these services not only on our HVAC&R equipment but also on general plumbing duties for the sites we carry out a multi-trade FM role on.

All Starz Electrical & Air Conditioning are committed to developing and further pushing the high standards when it comes to the electrical and HVAC&R fields by sourcing the best technical staff and working with the best brands. In doing this we have saved our customers by identifying potential issues before they arise, this minimises equipment downtime, risks of failure and costs to repair and replace. Customers are doing this by engaging directly with the business owners Michael and Dylan, cutting out the unnecessary time to get required answers, technical information and job dispatching.
